The above listed references are for guidance only, we recommend you check colour samples for your customers approval.

References of Gloss Boards are not a gloss finish. info@tradekitchensrobesdirect.ie

The reverse for Light Concrete will be Dove Grey unless other wise specified.

The reverse for Dark Concrete will be Dust Grey unless other wise specified.

Door Specification

All doors with a routed centre panel 1730mm and above will be split 70/30 with a top and bottom panel separated by a mid-rail. (Except Euroline, Bury and Gisburn).

Drawer Fronts

Refer to individual door design for minimum height and width with routed centre.

Drawer fronts less than minimum height and width will be supplied with edge design only.

Drawer front design supplied on all items up to 282 high, Door design supplied on all items 283 and above.

Upto 282 any woodgrain will be Horizontal, 283 and above are classed as a door, so woodgrain will be supplied Vertical unless specified otherwise.

Dimensions

Smallest Door size 100 x 100mm.

Largest door size 2400 x 650mm.

Largest panel 2450 x 700mm or 1000 x 1000mm.

Horizontal grain is available in standard Woodgrain foils up to 1245mm door. This must be clearly specified with the order.

High Gloss Limitations

High gloss **NOT** available in Auckland, Aura, Baltimore, Boston, Bowland, Gresham, Harrington, Heywood, Kent, Lunar, Mayfair, Milan, Oxford or Salisbury. Check accessories page in Price list for availability of Gloss accessories. Georgian frames are **NOT** available in gloss.

Angled Limitations

Angle doors **NOT** available in Aries, Ascot, Avondale, Baltimore, Gemini, Harrington, Kent, Odyssey, Mayfair, Richmond or Sherwood Designs. Please use order form when ordering.

Curved Limitations

Curved doors **NOT** available in Aries, Ascot, Auckland, Bowland, Bury, Countryvale, Dover, Euroline, Gisburn, Hampshire, Hapton, Hebden, Kent, Richmond, Sherwood and Westport/Cashel Designs.

Aura

Please note that this range of doors can only be produced in Super Matt Vinyl, Concrete (Light) and Concrete (Dark).

Aries and Orion

Aries and Orion doors are a handle less door with the handle routed into the door. All doors up to 1300 tall will have the handle position at the top of the door. All drawer fronts over 600 wide will have 2 handle positions routed into the door.

All doors over 1300 tall will have the handle position on 1 side of the door and this will start 400mm from the top and 400mm from the bottom of the door so the door will be reversible.

NOT available in Ash vinyls.

Baltimore, Kensington & Oslo

These Ranges are 4 panel doors. When using 4 panel doors, we recommend that only tall doors of the one height are used beside each other. If different door heights are used beside each other it is unlikely the midrails will line up. All doors from 283 to 1245 come with one panel. Doors 1246 to 1700 come with 3 panels. Doors 1701 to 2400 come with 4 panels. **Drawers:** 100 to 139 come as a slab. 140 to 214 come with a shaker panel and top and bottom styles 35mm. 215 and above come with 60mm styles as per the door. If drawers are required as part of a drawer pack and stable door configuration, we recommend you use tall doors of the same height and design the drawers behind the tall doors.

Cleveland

Cleveland is a Grooved Door and is available to order with Horizontal or Vertical grooves. This must be stated on the purchase order. If pressed in a woodgrain foil, the woodgrain will always follow the Groove direction. If ordering online, you cannot order vertical and Horizontal on the same PO, it needs to be ordered on separate purchase orders. The first size stated will always be treated as the height. The Minimum door size available is 100mm high, maximum door size 2500mm high.

If ordering Horizontal Grooves, if you order doors of different heights, it is unlikely the grooves will line up. The following combinations in Horizontal Grooves we have arranged to line up: 140 + 2x 283 high drawers will match a 715 door - 2x 355 high drawers will match a 715 door - 140 + 570 high drawer/door will match a 715 door. When ordering vertical grooves, if you order doors of different widths, it is unlikely the grooves will line up. From the edge of the door there will always be an ungrooved section, this will vary between 10mm and 35mm depending on the door width/height. Frame doors not available in Cleveland

Gemini

Gemini is a 22mm door and has the following reverse colours available (which need to be specified on order) :

Cashmere, Dakar, Dove Grey, Dust Grey, Grey, Indigo, Ivory, Lissa Oak, Mussel, Navy Blue and White.

Unless specified on order panels will automatically be supplied as 18mm. Maximum height is 1430mm.

Drilling

Made to Measure Doors are available with optional hinge hole drilling for a net price of 75p per hole.

Hinge holes are drilled 100mm from top and 100mm from bottom. On larger doors above 895 if extra holes are required, please supply drilling specifications. Drilling for handleless doors need to be specified for wall & base units.

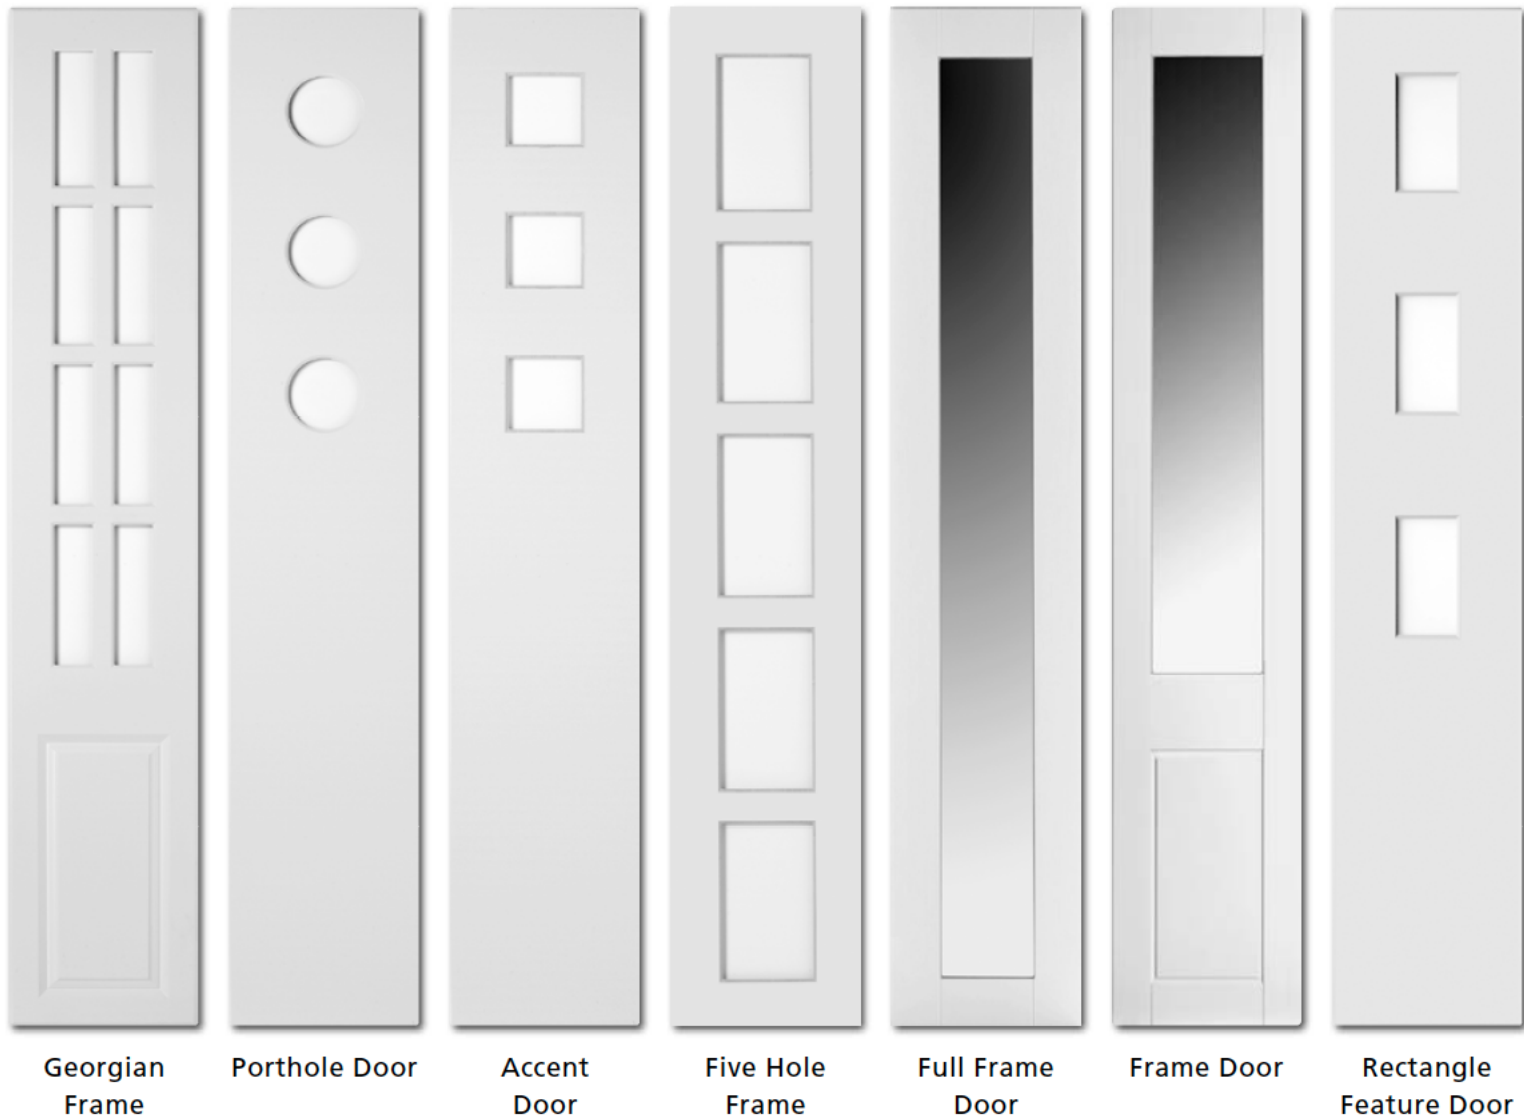

Board Matches

References for Gloss boards are not a Gloss finish.

All doors are FIRA tested and approved.

Frame Doors & Glazing Options

Frame doors can be supplied in the following options:

Georgian Frame

Porthole Door

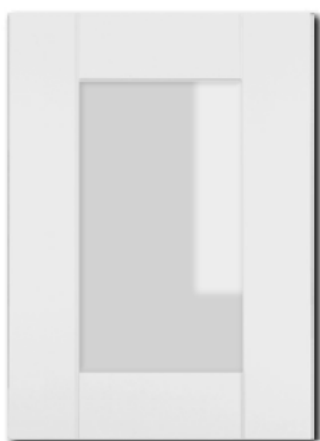

Accent Door

Five Hole Frame

Full Frame Door

Frame Door

Rectangle Feature Door

All frame options are available in all colours and designs in Kitchen & Bedroom size except the Georgian Frame option which is not available in the Gloss colours. Smallest frame size is 295 x 295.

Frame doors are not available in angle doors.

All feature doors less than 395 wide are supplied with no internal design.

All feature doors less than 1100mm high will come with one hole.

All frames are rebated for a rubber beading which is available to buy at £80 per 350 metre roll.

We can supply all frames pre-glazed with Clear acrylic.

To calculate the price, add the appropriate percentage or surcharge to the cost of the frame door:

Georgian Frame	+ 40%
Porthole (Bedroom) Feature Door	+£15.00
Accent (Bedroom) Feature Door	+£15.00
Five Hole Frame Door	+ 60%
Full Frame Door	+ 60%
Frame Door	+ 40%
Rectangle (Bedroom) Feature Door	+£15.00

We cannot supply glass or mirror in any door, only Clear acrylic.

Group 10 Made to Measure Doors - *Jura*

The Jura range is only available in the widths shown in the matrix below as these are the only handle sizes available. When ordering it is critical to reduce the overall height of the door required by 3mm as the thickness of the handle is 3mm. If the overall height of the door is 715 you need to order the item at 712. When the handle is fitted the overall height will then be 715. Maximum door height is 1430mm. Doors will be supplied grooved ready for the handle to be inserted.

Doors need to be priced as per normal door matrix taking in to account the restrictions on widths and then you need to add the cost of the handle for each door.

Jura are priced from Group 1 Aura and Lumi only, Group 3 Lumi Only and Group 6 add cost of handle to nett door price from the matrix as there is no discount on handles. We do not supply any Jura doors without a handle. There are no curved or angled doors available.

Please Note...

Handle Price includes cost to groove the door.
 No angled doors available. No curved doors available.
 Finished heights include handle at 3mm see technical data.

Jura Brushed Handle

Jura Chrome Handle

Made to Measure Vinyl Door Accessories

Not all mouldings are available in all colours. Please refer to mouldings guide, see page 40 for availability.
